When a fire severely burned a small boy and displaced his family, it left lingering marks on the entire neighborhood. As a community pastor, Dr. Kevin Yoho not only witnessed the visible signs of despair but also came to understand the pain hidden in the flames. He will be your guide as you step outside your organizational structures through the practice of what he calls reneighboring. Crayons for the City is about training leaders to be a new kind of community network engineer who will realign their organization's priorities, resources, and values to serve the public good. It's a story about how one community of faith improved the lives of hundreds of families by taking a walk across the street with fresh expressions of the good news. How do leaders grow and change--from holding on to ineffective ministry models to building new connections of grace and gratitude? The journey is not an easy one for most. Crayons for the City starts with the reader's own context and offers a new methodology of how to engage it. Awaken your own capacity to change the world. All you need to begin is this book and a box of crayons.

In the fourth mystery in Philip Kerr's New York Times bestselling series, Bernie Gunther—a former policeman and reluctant SS officer—attempts to start over in the aftermath of World War 2 and quickly learns that the past is never far behind you Berlin, 1949. Amid the chaos of defeat, Germany is a place of dirty deals, rampant greed, and fleeing Nazis. For Bernie Gunther, Berlin has become far too dangerous. After being forced to serve in the SS in the killing fields of Ukraine, Bernie has moved to Munich to reestablish himself as a private investigator. Business is slow

and his funds are dwindling when a woman hires him to investigate her husband's disappearance. No, she doesn't want him back—he's a war criminal. She merely wants confirmation that he is dead. It's a simple job, but in postwar Germany, nothing is simple—nothing is what it appears to be. Accepting the case, Bernie takes on far more than he'd bargained for, and before long, he is on the run, facing enemies from every side.

Delving into the widespread, contemporary longing for a more serious and communal experience of Christianity, this book provides important theoretical underpinnings and casts a vision for a new monasticism within the Wesleyan tradition. Elaine Heath and Scott Kisker call for the planting of neo-monastic churches which embody the Wesleyan vision of holiness in postmodern contexts. This book also points toward some vital shifts that are necessary in theological education in order to equip pastors to lead such communities. *Longing for Spring* helps Wesleyans of all stripes understand the theory and praxis necessary for planting neo-monastic communities as a new model of the church that is particularly important in the postmodern context. The authors write in an engaging, conversational style that is conversant with postmodern culture, yet thoroughly informed by critical research. Heath and Kisker boldly challenge the imagination of the church, both within and beyond Wesleyan traditions, to consider the possibility of revitalizing the church through the new monasticism.

The Story of Christian Theology

Next to Luther himself, Ulrich Zwingli (1484-1531) was probably the most important and certainly the most influential of the early Protestant reformers. His Commentary on True and False Religion, addressed to King Francis I of France and published by the printer Froschauer in Zurich in 1525, contrasted what Zwingli regarded as the true religion of the Protestants, grounded in Scripture, with the false religion of tradition and reason advocated by the opponents of the Reformation. In twenty-nine chapters Zwingli discussed all of the principal topics of Christian theology, from the meaning of the word "religion" itself to the role and place of images in Christian worship. All the disputed issues of the early Reformation--the doctrine of Church and ministry, baptism, penance, eucharist, the

nature of civil authority--are explained lucidly and concisely. The Commentary makes clear not only the grounds for Zwingli's break with the medieval Catholic tradition in which he had been raised but also the nature of his disagreements with Erasmus, Luther, and the Swiss Anabaptists. The result is the most significant dogmatic work which Zwingli ever wrote and the most important systematic statement of Reformed theology before Calvin's Institutes.
