### The Piglys and the Hundred-Year Mystery

Examines the great wave of European exploration during the fifteenth century which resulted in more accurate maps.

### The Hundred Year Meat Loaf

Set on an historic estate that once housed an arts colony, Doug, the husband of the estate's heir, desperately needs the colony files to get his stalled academic career back on track. But when he finally gets his hands on them he discovers more than he bargained for. Doug may never learn the house's secrets, but the reader will, as Makkai leads us on a thrilling journey into the past of this eccentric family.

### Minkowski Spacetime: A Hundred Years Later

The acclaimed author of *The Borrower* returns with a dazzlingly original, mordantly witty novel about the secrets of an old-money family and their turn-of-the-century estate, Laurelfeld. "Rebecca Makkai is a writer to watch, as sneakily ambitious as she is unpretentious." -Richard Russo  
Meet the Devohrs: Zee, a Marxist literary scholar who detests her parents' wealth but nevertheless finds herself living in their carriage house; Gracie, her mother, who claims she can tell your lot in life by looking at your teeth; and Bruce, her step-father, stockpiling supplies for the Y2K apocalypse and perpetually late for his tee

time. Then there's Violet Devohr, Zee's great-grandmother, who they say took her own life somewhere in the vast house, and whose massive oil portrait still hangs in the dining room. Violet's portrait was known to terrify the artists who resided at the house from the 1920s to the 1950s, when it served as the Laurelfeld Arts Colony—and this is exactly the period Zee's husband, Doug, is interested in. An out-of-work academic whose only hope of a future position is securing a book deal, Doug is stalled on his biography of the poet Edwin Parfitt, once in residence at the colony. All he needs to get the book back on track—besides some motivation and self-esteem—is access to the colony records, rotting away in the attic for decades. But when Doug begins to poke around where he shouldn't, he finds Gracie guards the files with a strange ferocity, raising questions about what she might be hiding. The secrets of the hundred-year house would turn everything Doug and Zee think they know about her family on its head—that is, if they were to ever uncover them. In this brilliantly conceived, ambitious, and deeply rewarding novel, Rebecca Makkai unfolds a generational saga in reverse, leading the reader back in time on a literary scavenger hunt as we seek to uncover the truth about these strange people and this mysterious house. With intelligence and humor, a daring narrative approach, and a lovingly satirical voice, Rebecca Makkai has crafted an unforgettable novel about family, fate and the incredible surprises life can offer. For readers of Dodie Smith's *I Capture the Castle*

### **Around the World in a Hundred Years**

### **The Hundred Years War**

One of the U.S. government's leading China experts reveals the hidden strategy fueling that country's rise – and how Americans have been seduced into helping China overtake us as the world's leading superpower. For more than forty years, the United States has played an indispensable role helping the Chinese government build a booming economy, develop its scientific and military capabilities, and take its place on the world stage, in the belief that China's rise will bring us cooperation, diplomacy, and free trade. But what if the "China Dream" is to replace us, just as America replaced the British

Empire, without firing a shot? Based on interviews with Chinese defectors and newly declassified, previously undisclosed national security documents, *The Hundred-Year Marathon* reveals China's secret strategy to supplant the United States as the world's dominant power, and to do so by 2049, the one-hundredth anniversary of the founding of the People's Republic. Michael Pillsbury, a fluent Mandarin speaker who has served in senior national security positions in the U.S. government since the days of Richard Nixon and Henry Kissinger, draws on his decades of contact with the "hawks" in China's military and intelligence agencies and translates their documents, speeches, and books to show how the teachings of traditional Chinese statecraft underpin their actions. He offers an inside look at how the Chinese really view America and its leaders – as barbarians who will be the architects of their own demise. Pillsbury also explains how the U.S. government has helped – sometimes unwittingly and sometimes deliberately – to make this "China Dream" come true, and he calls for the United States to implement a new, more competitive strategy toward China as it really is, and not as we might wish it to be. *The Hundred-Year Marathon* is a wake-up call as we face the greatest national security challenge of the twenty-first century.

### **The Hundred-Year Marathon**

The author describes how he and his family left the pressure of life in New York City and moved to Virginia to live as people did in 1900.

### **The Free Speech Century**

Tracing the development of scientific sociology from Comte to the present, *A Hundred Years of Sociology* is a concise, narrative history of the major figures, ideas, and schools that lie behind the work of contemporary sociologists. Covering both theoretical and empirical contributions, the book describes the convergence of two major streams of sociological thought: a speculative and philosophical tradition and a reformist, fact-finding tradition. Throughout the volume, the author is as much concerned with the content of ideas as with their labels and chronology. The important developments in both American and European sociology are considered in full, and special attention is given to the emergence of social anthropology and social psychology and to the profound influence of World War II on current work in the field. Sociology is still both philosophical and practical, both concerned with society in general and with particular parts or aspects of human social life, yet an effective way of thinking about human social life has been built: a formulation of the principal questions, which define the discipline, and a drawing together, in an increasingly imposing organization, of the many diverse strands of knowledge about society. *A Hundred Years of Sociology* is intended to acquaint the student with the intellectual history of the discipline, to show that the fundamental problems of sociology are not new, and to nurture a critical awareness of the relationship between present concerns and the heritage of the past. Not an exhaustive reference work or an encyclopedia of sociology, the book is a literate, coherent, and readable guide to this broad field that will be read with interest by all students of sociology.

### **The One Hundred Years of Lenni and Margot**

A beautiful young woman. An American soldier. A war-torn country. Nearly forty years of silence. Now, two daughters search for the truth they hope will set them free and the elusive peace their parents have never found. In the South Carolina Lowcountry, a young mother named Katherine Ann is struggling to help her tempestuous father by plunging into a

world of secrets he never talks about. A fry cook named Lisa is trying desperately to reach her grieving Vietnamese mother who has never fully adjusted to life in the States. And somewhere far away, a lost soul named Ernest is drifting, treading water, searching for what he lost on a long-ago mountain. They're all yearning for connection. For the war that touched them to finally end. For their hundred years of happiness at long last to begin. From the beloved author of *The Spirit of Sweetgrass* and *Trouble the Water* comes this generous story of family, war, loss, and longing . . . of the ways we hide from those we love, and the ways that love finds us anyway.

### **The Day Lasts More Than a Hundred Years**

Fascism is not a thing of the past and, in this era of crisis and austerity, it is growing even stronger. The fight against it must be aggressive and unrelenting. Using a mixture of orthodox history and eyewitness accounts, "M. Testa" makes the case for a resolutely militant anti-fascism, taking us from proto-fascists in nineteenth-century Austria to modern-day street-fights in London. Provocative, unapologetic, and based on extensive research. M. Testa, undercover anti-fascist blogger, has analyzed the changing fortunes of the British far right since 2009. He has written for the anarchist magazine *Freedom* and is a member of the Anti-Fascist Network.

### **Sky Island**

Reproduction of the original: *A Hundred Years by Post* by J. Wilson Hyde

### **See You in a Hundred Years**

What life was like for ordinary French and English people, embroiled in a devastating century-long conflict that changed their world. The Hundred Years War (1337–1453) dominated life in England and France for well over a century. It became the defining feature of existence for generations. This sweeping book is the first to tell the human story of the longest military conflict in history. Historian David Green focuses on the ways the war affected different groups, among them knights, clerics, women, peasants, soldiers, peacemakers, and kings. He also explores how the long war altered governance in England and France and reshaped peoples' perceptions of themselves and of their national character. Using the events of the war as a narrative thread, Green illuminates the realities of battle and the conditions of those compelled to live in occupied territory; the roles played by clergy and their shifting loyalties to king and pope; and the influence of the war on developing notions of government, literacy, and education. Peopled with vivid and well-known characters—Henry V, Joan of Arc, Philippe the Good of Burgundy, Edward the Black Prince, John the Blind of Bohemia, and many others—as well as a host of ordinary individuals who were drawn into the struggle, this absorbing book reveals for the first time not only the Hundred

Years War's impact on warfare, institutions, and nations, but also its true human cost. "[Hundred Years War] makes us care about this long-ago conflict and the society that pursued and was shaped by it. . . . [It is] likely to (and indeed should) become a standard introduction to the war."—Charles F. Briggs, *Speculum*

### **The Hundred-Year House**

Yedigei looks back on his life as he brings the body of a close friend across the steppes of Central Asia to be buried in an ancient cemetery

### **The Hundred Years' War on Palestine**

Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

### **One Hundred Years of Solitude**

A landmark history of one hundred years of war waged against the Palestinians from the foremost US historian of the Middle East, told through pivotal events and family history In 1899, Yusuf Diya al-Khalidi, mayor of Jerusalem, alarmed by the Zionist call to create a Jewish national home in Palestine, wrote a letter aimed at Theodore Herzl: the country had an indigenous people who would not easily accept their own displacement. He warned of the perils ahead, ending his note, "in the name of God, let Palestine be left alone." Thus Rashid Khalidi, al-Khalidi's great-great-nephew, begins this sweeping history, the first general account of the conflict told from an explicitly Palestinian perspective. Drawing on a wealth of untapped archival materials and the reports of generations of family members—mayors, judges, scholars, diplomats, and journalists—The Hundred Years' War on Palestine upends accepted interpretations of the conflict, which tend, at best, to describe a tragic clash between two peoples with claims to the same territory. Instead, Khalidi traces a hundred years of colonial war on the Palestinians, waged first by the Zionist movement and then Israel, but backed by Britain and the United States, the great powers of the age. He highlights the key episodes in this colonial campaign, from the 1917 Balfour Declaration to the destruction of Palestine in 1948, from Israel's 1982 invasion of Lebanon to the endless and futile peace process. Original, authoritative, and important, The Hundred Years' War on Palestine is not a chronicle of victimization, nor does it whitewash the mistakes of Palestinian leaders or deny the emergence of national movements on both sides. In reevaluating the forces arrayed against the Palestinians, it offers an illuminating new view of a conflict that continues to this day.

## **Gabriel García Márquez: One Hundred Years of Solitude**

### **The Hundred-Year House**

### **A Hundred Years of Japanese Film**

" . . . a rewarding book." --Times Literary Supplement Set in the vast windswept Central Asian steppes and the infinite reaches of galactic space, this powerful novel offers a vivid view of the culture and values of the Soviet Union's Central Asian peoples.

### **The Hundred Years War**

This previously unpublished novel by the author of *America Is in the Heart* dramatizes the resourcefulness, cunning, and pain of the Filipino peasants' struggle against a heritage of colonization, first by Spain and later by the United States. Set during the political upheavals of the 1940s and 1950s, seven underground rebels—old and young, male and female, intellectual and peasant—set off across the Philippine countryside fueled by their outrage over continued U.S. domination. They combat both internal foes from their past memories and experiences and visible enemies who view their clandestine work as a destructive force of communism. As they confront danger and face physical and emotional sacrifices along the way, their sense of mission conveys a profound vision of democracy and self-determination. Bulosan's exceptional narrative, at once an allegorical and a psychological critique of the West's racism and delusion of supremacy, portrays an armed rebellion that can represent many Third World peoples. Literary and political, Bulosan's work embodies his personal dream of equality and freedom. When asked what impelled him to write, Bulosan replied, "To give literate voices to the voiceless to translate the desires and aspirations of the whole Filipino people in the Philippines and abroad in terms relevant to contemporary history." Author note: Born in 1911 in the Philippines to a peasant family, Carlos Bulosan was one of the first wave of Filipino immigrants to come to the United States in the 1930s. After several arduous years as a farmworker in California, Bulosan became involved with radical intellectuals and started editing the workers' magazine *The New Tide*. While hospitalized for three years for tuberculosis and kidney problems, Bulosan began writing poetry and short stories. Despite having little formal education, he saw his talent for writing as a means to give a voice to Filipino struggles, both in the Philippines and in the United States. He went on to publish three volumes of poetry, a best-selling collection of

stories, *The Laughter of My Father*, and *America Is in the Heart*, the much acclaimed chronicle based on his family's battle to overcome poverty, violence, and racism in the United States. *The Cry and the Dedication* carries on Bulosan's passionate, satirical style. >P>E. San Juan, Jr. is Fellow of the Center for the Humanities and Visiting Professor of English, Wesleyan University, and Director of the Philippines Cultural Studies Center. He was recently chair of the Department of Comparative American Cultures, Washington University, and Professor of Ethnic Studies at Bowling Green State University, Ohio. He received the 1999 Centennial Award for Literature from the Philippines Cultural Center. His most recent books are *Beyond Postcolonial Theory*, *From Exile to Diaspora*, *After Postcolonialism*, and *Racism and Cultural Studies*.

### **A Hundred Years of Merchant Banking**

In thirteen articles, this volume affirms that the Hundred Years War was a struggle that spilled out of its heartlands of England and France into many European regions. These a oedifferent vistasa of scholarship greatly amply the study of the conflict.

### **The Cry and the Dedication**

In 1873, Persistence P. Pigly builds a beautiful brick home on the top of Pigville Hill that houses wonderful dreams. But as one disaster after another befalls Mr. Pigly's mansion, it slowly becomes nothing more than dusty remains of a time long forgotten. Even the rumors that there is a treasure buried somewhere within the house begin to fade away. Decades after the mansion's glory days, three intrepid pigs Parker, Elsa, and Annabelle Pigly find themselves fighting a century-old curse on their family, a plot against Pigville, and a weapon with the potential to burn down their entire town. Determined not to surrender to the Curse of the Piglys, the trio of pigs embark on a perilous path through the past, hoping to reclaim their honor and restore their family fortune. But it is not long before they discover that their town's history has been rewritten and that brute force has been exerted to keep the Piglys from receiving what is rightly theirs. In this charming children's mystery tale, three pigs must rely on a book of antique poetry and their beliefs as they courageously battle a modern-day villain determined to destroy their town.

### **See You in a Hundred Years**

\*A new edition of the international bestseller (a #1 bestseller in Japan), featuring a new preface\* Does the thought of working for 60 or 70 years fill you with dread? Or can you see the potential for a more stimulating future as a result of having so much extra time? Many of us have been raised on the traditional notion of a three-stage approach to our working lives: education, followed by work and then retirement. But this well-established pathway is already beginning to collapse –

life expectancy is rising, final-salary pensions are vanishing, and increasing numbers of people are juggling multiple careers. Whether you are 18, 45 or 60, you will need to do things very differently from previous generations and learn to structure your life in completely new ways. The 100-Year Life is here to help. Drawing on the unique pairing of their experience in psychology and economics, Lynda Gratton and Andrew Scott offer a broad-ranging analysis as well as a raft of solutions, showing how to rethink your finances, your education, your career and your relationships and create a fulfilling 100-year life. · How can you fashion a career and life path that defines you and your values and creates a shifting balance between work and leisure? · What are the most effective ways of boosting your physical and mental health over a longer and more dynamic lifespan? · How can you make the most of your intangible assets – such as family and friends – as you build a productive, longer life? · In a multiple-stage life how can you learn to make the transitions that will be so crucial and experiment with new ways of living, working and learning? Shortlisted for the FT/McKinsey Business Book of the Year Award and featuring a new preface, The 100-Year Life is a wake-up call that describes what to expect and considers the choices and options that you will face. It is also fundamentally a call to action for individuals, politicians, firms and governments and offers the clearest demonstration that a 100-year life can be a wonderful and inspiring one.

## **A Hundred Years of Happiness**

### **The 100-Year Life**

Originally published in 1930, this book contains a selection of English poetry from the previous 100 years. Brief biographies are given for each of the poets and an index of first lines is also included. This book will be of value to anyone with an interest in English poetry.

### **A Hundred Years in the Highlands - Scholar's Choice Edition**

Richie offers movie buffs and serious film students a lively, comprehensive overview of Japanese cinema from the end of the 19th century to the present. Updated DVD and VHS listings feature new releases, classic films, and reviews.

### **Three Hundred Years of a Family Living**

A magic umbrella transports three travelers to an astral kingdom where they encounter bizarre inhabitants and face many adventures. A captivating tale for children of all ages. 86 black-and-white illustrations; 12 in full-color.

### **A Hundred Years of English Poetry**

A critically acclaimed memoir of living off the grid, as if it were a hundred years ago. Author Logan Ward compellingly tells the tale of the year he spent in a self-imposed time warp. He and his wife Heather, and son, Luther, sold all their possessions and ran a farm in rural Virginia for one year without using anything invented after the year 1900. Hilarious and moving.

### **The Hundred Years War (part II)**

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love

and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

### **The Whole Works of John Flavel**

The Supreme Court's 1919 decision in *Schenck vs. the United States* is one of the most important free speech cases in American history. Written by Oliver Wendell Holmes, it is most famous for first invoking the phrase "clear and present danger." Although the decision upheld the conviction of an individual for criticizing the draft during World War I, it also laid the foundation for our nation's robust protection of free speech. Over time, the standard Holmes devised made freedom of speech in America a reality rather than merely an ideal. In *The Free Speech Century*, two of America's leading First Amendment scholars, Lee C. Bollinger and Geoffrey R. Stone, have gathered a group of the nation's leading constitutional scholars--Cass Sunstein, Lawrence Lessig, Laurence Tribe, Kathleen Sullivan, Catherine McKinnon, among others--to evaluate the evolution of free speech doctrine since *Schenk* and to assess where it might be headed in the future. Since 1919, First Amendment jurisprudence in America has been a signal development in the history of constitutional democracies--remarkable for its level of doctrinal refinement, remarkable for its lateness in coming (in relation to the adoption of the First Amendment), and remarkable for the scope of protection it has afforded since the 1960s. Over the course of *The First Amendment Century*, judicial engagement with these fundamental rights has grown exponentially. We now have an elaborate set of free speech laws and norms, but as Stone and Bollinger stress, the context is always shifting. New societal threats like terrorism, and new technologies of communication continually reshape our understanding of what speech should be allowed. Publishing on the one hundredth anniversary of the decision that laid the foundation for America's free speech tradition, *The Free Speech Century* will serve as an essential resource for anyone interested in how our understanding of the First Amendment transformed over time and why it is so critical both for the United States and for the world today.

### **Militant Anti-Fascism**

The author describes how he and his family left the pressure of life in New York City and moved to rural Virginia to live for a year as people did in 1900, without modern technology or the conveniences of modern life, including electricity and running water, and discusses the positive impact of the experience on the entire family. Reprint. 40,000 first printing.

## **See You in a Hundred Years**

"The most stimulating and thought-provoking book on India in a long time..Bumiller has made India new and immediate again." THE WASHINGTON POST BOOK WORLD In a chronicle rich in diversity, detail, and empathy, Elisabeth Bumiller illuminates the many women's lives she shared--from wealthy sophisticates in New Delhi, to villagers in the dusty northern plains, to movie stars in Bombay, intellectuals in Calcutta, and health workers in the south--and the contradictions she encountered, during her three and a half years in India as a reporter for THE WASHINGTON POST. In their fascinating, and often tragic stories, Bumiller found a strength even in powerlessness, and a universality that raises questions for women around the world. From the Trade Paperback edition.

## **May You Be the Mother of a Hundred Sons**

## **The Day Lasts More Than a Hundred Years**

The author places the landmark novel into the context of modern Colombia's violent history, exploring the complex vision of Gabriel Garc a M arquez.

## **A Hundred Years by Post**

Celebrating the one hundredth anniversary of the 1909 publication of Minkowski's seminal paper "Space and Time", this volume includes a fresh translation as well as the original in German, and a number of contributed papers on the still-controversial subject.

## **A Hundred Years of Sociology**

The Hundred Years War was the longest war in European history, a quarrel between two cousins resulting in decades of violence in the battle for the French throne. It was a war which wrought great change in two medieval societies, ushering in the Renaissance and having repercussions down to the present day.
